

SENATE REPUBLICANS ARE
DELIVERING A RECONCILIATION BILL TO

MAKE AMERICA SAFE & PROSPEROUS

President Trump, Senate Republicans, and House Republicans are working together to deliver on our promise to cut taxes, secure our border, and fund our military.

HERE'S WHAT THE SENATE REPUBLICAN BUDGET RESOLUTION DOES:

- ☑ **Adds Senate committee instructions and preserves the House committees' instructions.**

Why this matters: This allows us maximum flexibility to reduce wasteful government spending, cut taxes, and help our economy grow. These instructions simply maintain the House position and add the Senate's, which is required to proceed to the next step for a bicameral reconciliation bill.

- ☑ **Creates savings floors that maximize our ability to cut wasteful spending.**

Why this matters: Unlike the House, the Senate sets a floor for a minimum amount of savings that creates maximum flexibility with the goal of saving as much as possible. These numbers are floors – not targets or ceilings – and help preserve our ability to enact the President's agenda with a majority vote in the Senate.

- ☑ **Provides debt extension into 2027.**

Why this matters: This prevents the Democrats from using the debt limit as a ransom to undermine the President right before the 2026 midterms.

- ☑ **Sets top-line levels.**

Why this matters: This allows us to get rid of Biden's excess pandemic-era spending and return our budget to a sustainable, fiscally responsible level.

- ☑ **Sets current policy baseline.**

Why this matters: This ensures we can stop the Democrats' intended tax hikes and permanently cut taxes for working families.
